**Whoever compels you to go one mile,
 GO WITH HIM TWO.**

Go Serve Big: The Lifetime Customer System.

What is it that separates us from others, whether in athletics or education, in business or the arts, or any other endeavor for that matter?

Is it one's drive to do more than what is expected or required? One of our team's core values is **Second Mile Service**. When focusing on the second mile, we can't forget there are two miles in play here.

So, before I show you what's in it for you, in the second mile, let's document the first mile.

The first mile is simply what is required of us. Yes, we are here to help people buy and sell the place they call home, but there is much more going on than just a real estate transaction. There is **A LIFESTYLE CHANGE** being pursued..

Our Lifetime Customer System starts the minute we enter into a client relationship and seek to understand what the **FIRST MILE** is. For example, within the first page of our Exclusive VIP Seller Agreement, we ask the Seller 3 questions (you may remember them):

Why are you moving?

What is most important to you in getting your home sold?

What do you feel needs to happen in order to get that most important thing/objective?

The answers to these 3 questions are essentially the Homeowner/Seller laying out their vision for **THEIR LIFESTYLE CHANGE**. No one is better at selling homes faster, for more money and with the least amount of hassle than we are, but it is critical that we fully understand the **WHY** behind the change our clients are making. This then, becomes the **FIRST MILE** – what it is we must deliver and what is expected of us (our mandated **FIRST MILE**).

Whoever compels you to go one mile, GO WITH HIM TWO.

There can be no second mile service without going the first mile, so what does this Second Mile look like?

Exceeding our clients' expectations has got to be built into the very fabric of our business from our peoples' mindset to the systems we use, to the culture we create. Anything short would be cutting corners. There really is no Lifetime Customer System without being committed to Second Mile Service. They go hand in hand.

At Your Home Sold Guaranteed Realty, our Lifetime Customer System (part of our second mile service) breaks down into THREE Programs.

1. Your Referrals Help Those Who Need Help the Most.

On the last page of this newsletter, you will see what I mean by Your Referrals Help Those Who Need Help the Most. As part of our GO SERVE BIG!!! mission, we donate a portion of our income from EVERY real estate sale to a very worthy cause. We want you to be part of that. It's likely as you read this, you will have received other newsletters, emails, texts and videos about this. Our goal is to raise \$10,000 for B Walker Ranch. They have developed a variety of programs for adults with autism, designed to foster self-advocacy by recognizing their individual needs and harvesting a sense of purpose within a farm environment. B Walker Ranch depends on sponsorships and donations to continue their valuable programs serving adults with autism. You can rest assured that anyone you send to us will benefit from our award winning service and a very worthy cause will too.

2. We Will Help You Grow Your Wealth.

We bring our clients opportunities and education to Create More Wealth by INVESTING IN REAL ESTATE. I became a Multi-Millionaire NOT from my job, but by investing in real estate. We want you and others to have that same opportunity, so we built this into our Lifetime Customer System. Inside this newsletter you will see a presentation of great deals to consider investing in and these are just a sample. Contrary to popular belief, you do not need a lot of your own money to become RICH investing in real

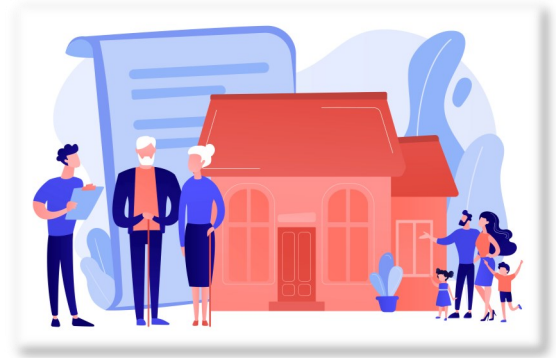

estate, but you do need money. We are experts in helping you learn how to use other people's money to buy distressed sales and bank foreclosures, by unlocking the equity in your own home to buy 3 houses for the price of one and partnering with others for Apartment Building investments that CASH FLOW every month.

Whoever compels you to go one mile, GO WITH HIM TWO.

3. We Are a Resource for Your Lifestyle Needs.

Do you need a resource like a dry cleaner, florist, or painter? We have an APPROVED VENDOR DIRECTORY of 100 businesses in the area, already vetted and eager to help you. As I type this, one of our approved vendors is headed to my house to haul off a bunch of old junk accumulated over the years. The haulers will come and do what they do best... haul off junk. They've been vetted through continued use, so I know they will do a great job for you and at a fair price. This is obviously just one example. If you don't have our Approved Vendor Directory, reach out to us and we'll send it right over. Approaching each day with an attitude of 'can we do better?' translates into a steady questioning of the status quo, keeping us dedicated to helping the great people at this historic company to 'over deliver' to our most valued people... our customers. Deliver MORE value than what is/was/will be received = Lifetime Customers.

What our investment Clients have to say...

“I would just like to say that everyone was great even when I got distracted and annoyed they kept me in the game and made me feel real comfortable. The Almaro Team was great in assisting me with everything I needed and asked for perfect service.”

- *Vernon C.*

“Leticia and her team are super energetic and capable. They followed the paperwork, and kept the ball rolling, leading to a good sale for us. Leticia has a good eye for her market, and was able to provide insight how to best market our property.

Leticia got \$100K over asking, which in my view is remarkable. If you have a property that is ready to sell, Leticia is more than capable.” - *David F.*

“Leticia was overall awesome and helped me get the house I really wanted and she was able to keep the deal alive. She aided in closing preparation, coordinated details & process and represented my interests in negotiations. I would recommend her the next time you are buying or selling in the area .”

- *Michael Z.*

“I appreciated that Leticia took the time to learn about areas she wasn't as knowledgeable about. And she used her great interpersonal skills to get very helpful information about what others were offering and the best ways to win a bid. It worked! We purchased a house! Thank you, Leticia!”

Recent Client's Stories

Seller's Story in Pleasant Hill

"Our property needed a major cleanup and they brought in their crew, worked on the house and it looked amazing at the end! Thank you Leticia and the Almaro Team for getting my property ready for the market in record time! To everyone, I highly recommend them!"

MICHELLE

Buyer's Story in Brentwood

"After finding out that my financial position would not allow me to purchase a home I was very disappointed and upset that I would have to stay at a place that I did not like anymore and would continue to rent for the rest of my life. Leticia and her team consulted with me and after realizing that I truly wanted a place to call my own, we came to the conclusion that a mobile home might work for me. I love the property they found for me, it is exactly what I wanted to buy to do whatever I wanted to do with it, it is now my own home!"
