

**THE
FUTURE
OF REAL
ESTATE IS NOW**

OUR MISSION

Our mission is to bring about the future of real estate. As a technology-based real estate company headquartered in southwest Florida, we are the solution for all of your real estate needs.

Home Buying Reimagined. RealtyQuest, Inc.

WHO WE ARE

RealtyQuest Inc. is a full-service real estate company located in southwest Florida, servicing the Gulf Coast areas of Fort Myers to Marco Island.

We are a team of full-time, fully committed Realtors. We promise to use a proactive approach to help our clients reach their goals. Our experienced team values honesty and dedicated customer service.

This, coupled with unparalleled social and digital marketing expertise, ensures each client has the best experience buying or listing a home.

As experienced Realtors, we understand the importance of listening to each client's situation and needs. We prioritize home buyer education, ensuring all of our clients are prepared at each step of the way.

We offer our sellers a results-driven marketing campaign with cutting edge technology. We advise our clients on how to price and market their home effectively. We offer a premium listing service to all our clients, including social and digital marketing packages and open houses, resulting in effective online exposure.

Our Realtors are properly trained on how to effectively use the tools provided to them in order to grow their businesses and provide their clients with the best experience!

LEAD GEN & SOCIAL MEDIA

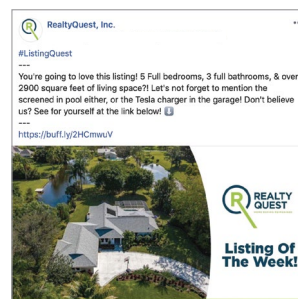

Leads come through our website daily and are distributed to our agents at no cost! In addition, we manage four lead programs in which our agents can choose to participate. These leads are pre-approved, and sometimes rate locked – by our mortgage partner before being referred to our agents. On these leads, a portion of commission is returned to the brokerage, as we give cash back to home buyers after closing for using our preferred mortgage and real estate partners.

We also offer OpCity leads to our agents!

Given the mobile and tech-savvy nature of today's client, we understand the importance of strong digital marketing strategies. Our digital marketing team is available to set up a Facebook business page for you, or improve on one you may already have, while also providing content we post for you!

We continue to support our agents by promoting your new listings and open houses on social media for you, as well as featuring listings monthly on the radio.

We think our agents should keep 100% of their commission in their pocket, where it belongs!

We are filling the gap between the education provided by the boards with sales training and coaching to help you compete in our Southwest Florida market. You'll enjoy in-house training and education, monthly coaching, educational seminars, and onboarding support based on an individual agent's needs and production.

We use Dotloop, a complete transaction management platform, designed to empower our team to take their business to the next level. With DotLoop, we can offer entirely paperless transactions, streamlined processes, superior forms management over other systems and pre-set with all forms needed for our agents to list or sell a property.

Commissions Inc. (CINC) is the industry leader in online real estate lead generation. In addition to fueling our website, the CINC conversion engine is a powerful tool for converting leads into sales. With CINC's CRM, agents can contact their assigned leads, leads are put into an automatic drip campaign based on answers to DISC assessment questions and lead conversion rate increases. The CINC mobile app on your phone makes contacting and tracking your leads easier than ever.
